8) Once your image is the only one on the screen, select BUY PHOTO in the top right.

9) A side menu will appear – click on ITEMS for add-on items.

10) Select the size and quantity you want, and add to cart!

The screenshot shows a gallery view of a child's photo. On the right, a product selection overlay is visible. At the top of the overlay, it says "1 - 8X10 PHOTO PRINT" with a price of "\$20.00". Below this is a smaller version of the photo with a watermark that reads "Christie Gare PHOTOGRAPHY". Underneath the photo, there are controls for "QUANTITY" (a minus button, a box with "1", and a plus button) and "SUBTOTAL" (\$20.00). At the bottom of the overlay, it shows "\$20.00" and "1 Total Item" next to a blue "Add to Cart" button. The gallery background has a "Back to Gallery" link, a "Prints" link, and a "Favorite" button.

11) Continue until your complete and finish your purchase 😊

The screenshot shows the same gallery view as in step 10. The product selection overlay is now replaced by a confirmation message. At the top of the overlay is a teal circle with a white checkmark. Below it, the text reads "ITEM HAS BEEN ADDED TO THE CART". There are two buttons: a teal "View Cart" button and a white "Buy Another Item" button with a teal border. The gallery background now includes an "IN CART" button with a shopping cart icon and a "Favorite" button.
